CURRICULUM COMMITTEE

The **Curriculum Committee** of TRR Institute of Medical Sciences (TRRIMS) is hereby constituted to discuss and recommend the proposals affecting the Academic programme of the College.

Purposes & Functions of the Curriculum Committee:

TRR Institute of Medical Sciences Curriculum Committee ensures that the students learn the requisite knowledge, skills, attitudes & behaviours to progress to residency training.

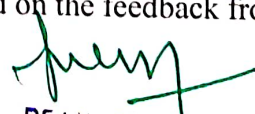

To implement the Attitude, Ethics & Communication (AETCOM) Module as per the Graduate Medical Education Guidelines of MCI under Competency based Medical Education (CBME) Curriculum

TRRIMS Curriculum Committee functions in accordance with the MCI mandate that “there must be integrated institutional responsibility for the overall design, management and evaluation of a coherent and coordinated Curriculum”

The Curriculum Committee works to continually update the Medical Curriculum and to ensure that students receive the most effective and relevant curriculum for the practice of medicine.

Curriculum Design & Management Functions:

- To Review Competencies – review, evaluate and periodically update the competencies of the entire Medical Education Program.
 - To ensure adequate coverage of all competencies throughout the Curriculum.
 - To consult with the individual faculty members to evaluate whether the distribution of Competencies among courses is logical and coherent.
- To Ensure Vertical & Horizontal Integration
 - Horizontal Integration – To assess whether each course employs multidisciplinary, foundational concepts from the pertinent basic sciences disciplines that advance understanding of clinical medicine.
 - Vertical Integration – To assess whether the sequencing of courses provides a functional building of concepts to facilitate the student learning.
- Make recommendations on Curriculum Course structure based on the feedback from the Faculty & Students

MEDICAL EDUCATION UNIT COMMITTEE

The MEU aims to create a stimulating and supportive learning environment that nurtures the requisite attitudes, skills, and knowledge required for excellent physicians.

The MEU is constituted in 2019 under the aegis of the chairperson.

Currently, the main activity is to conduct Basic Teacher's Training workshops focused on developing teaching methodologies, objectives, group dynamics, and taxonomy along with teaching learning methodology, assessment and micro teaching as per greatest need of the institution.

About 20 faculty members would be trained during each workshop by a core group of five faculty members who had previously undergone training at MCI / NMC Regional Centre or at any college under Regional Centre Observership. External resources were invited to be part of the faculty. The members and coordinator of the MEU also participated in National and Regional Workshops organized by MCI to consider MBBS curriculum and regulations for undergraduate studies.

The MEU aims to co-opt other faculty members as per requirement and conduct workshop with resource both inside and outside the institution.
